01 — OVERVIEW

One recognizable experience, across every dealership touchpoint.

Volvo requested a refresh of its dealership website experience to align with its latest brand direction and establish a consistent, user-friendly foundation for dealerships.

The work extended into the showroom with a tablet experience that helps visitors request a test drive conveniently.

Client	Project	Scope

DESIGN INTENT

> Make every interaction feel unmistakably Volvo: calm, useful, and built around the customer's next decision.

02 — THE CHALLENGE

Designing for a global brand. Built to work locally.

Four connected challenges shaped the system and the final experience.

01

Brand Consistency
Bring every dealership touchpoint into Volvo's updated visual direction without losing local utility.

02

User Experience
Make vehicle exploration, navigation, and inventory discovery feel direct and intuitive.

03

Scalable System
Create repeatable structures and components that can work consistently across dealerships.

04

In-Dealership Experience
Make test-drive booking simple and accessible for customers already inside the showroom.

03 — APPROACH

Clarity became the system.

Brand expression was translated into a small set of repeatable principles.

01

Brand-led design
A restrained visual language guided by Volvo's identity.

02

Simplicity
Clear hierarchy, direct language, and purposeful interactions.

03

Consistency
Reusable patterns across browsing, inventory, and forms.

04

Connected experiences
One visual thread from online discovery to dealership visit.

04 — DEALERSHIP WEBSITE

A calmer way to discover Volvo.

The homepage prioritizes the vehicle, then guides customers toward inventory, service, offers, and dealership information through a disciplined hierarchy.

Volvo warrants to the original retail purchaser of each new genuine Volvo replacement part (excluding accessories and consumable parts) that such parts installed at an authorized Volvo retailer will be free from defects in material or workmanship for as long as the customer owns the car. This would exclude any defects caused by outside influence. Coverage under the Lifetime Replacement Parts & Labour Warranty includes the labour to replace the covered replacement part. This warranty is non-transferable. Some exclusions apply.

Our customers love us

I had a great experience with Alfred and the team at Jim Pattison Volvo North Vancouver. I first contacted Alfred through a Facebook Marketplace listing for a used vehicle, and he was prompt, transparent, and friendly from the very beginning. We were able to work through all the details online before I even came in... — Nathan Su ★★★★★ (×3)

T Advantage

01

Brand-led arrival
Editorial copy and a single, cinematic image place the new EX60 at the center.

02

Direct pathways
Quick links expose high-intent tasks before the page moves into deeper content.

03

Modular storytelling
Inventory, offers, benefits, and dealership content share one consistent rhythm.

05 — VEHICLE SEARCH RESULTS

Inventory made easier to scan.

Model cues, focused filters, and a consistent card hierarchy help customers move from a broad search toward a specific vehicle.

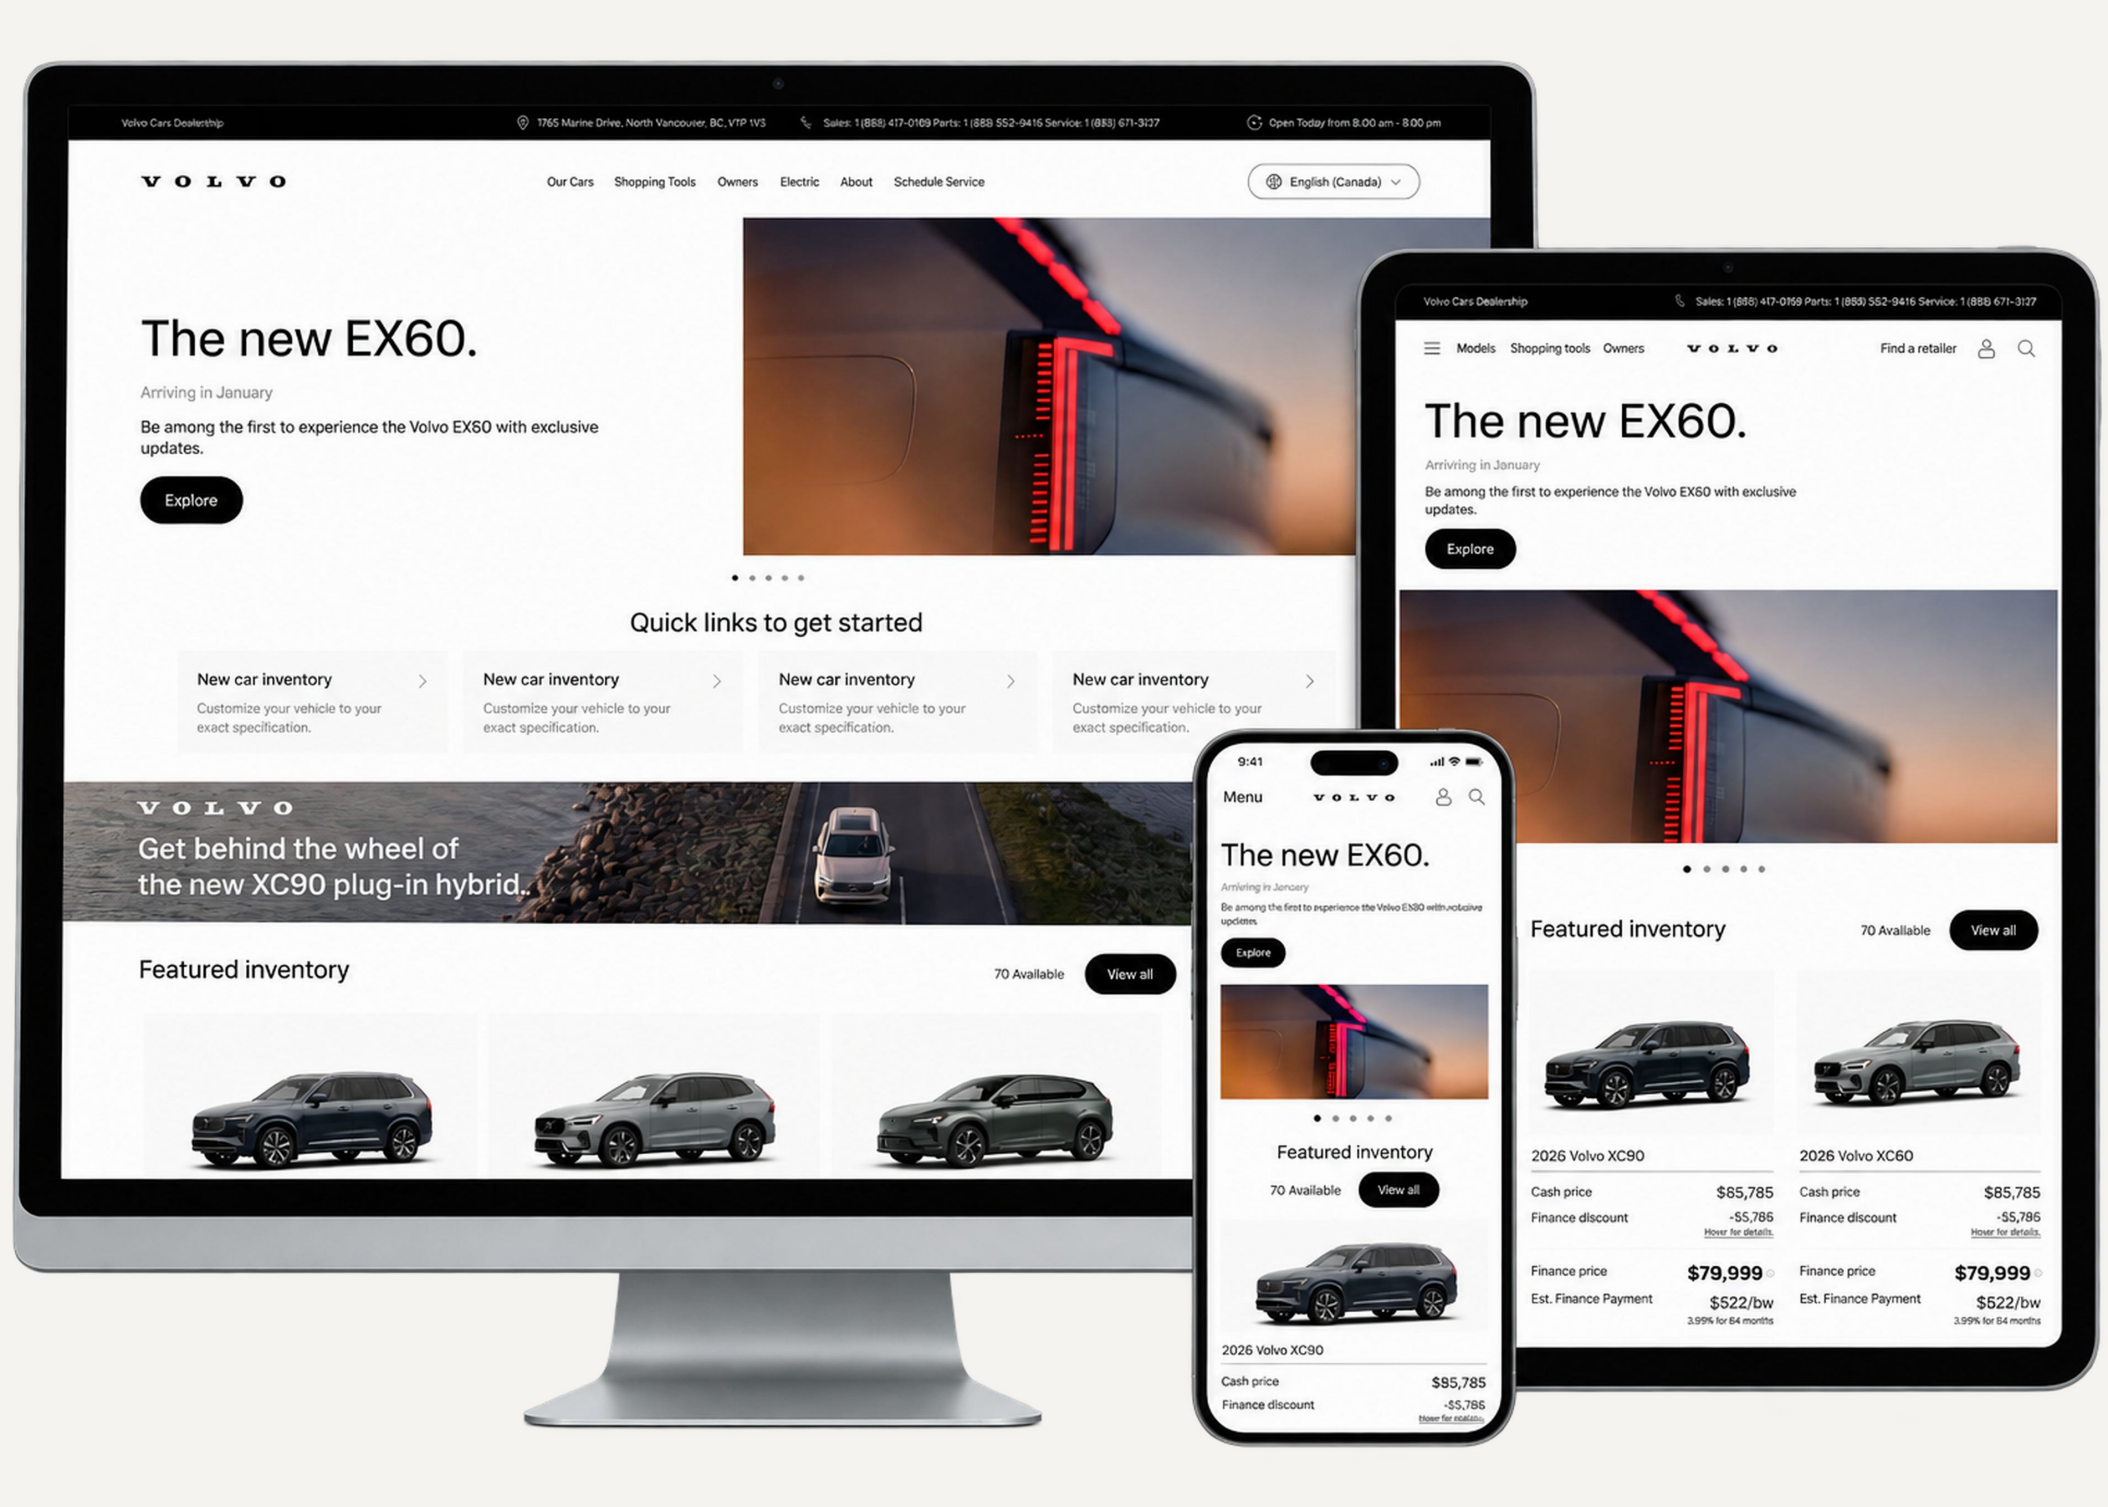
06 — RESPONSIVE EXPERIENCE

One hierarchy. Considered at every size.

These responsive adaptations extend the supplied desktop language to smaller screens; they are presented as considered extensions, not original approved frames.



07 — TEST DRIVE KIOSK

APPROVED DESIGN

Bringing the experience into the dealership.

Beyond the website refresh, Volvo requested a tablet-based experience that allows showroom visitors to request a test drive through a clear, premium, and approachable form.

01

One-page completion
The approved flow keeps personal details, model, timing, and intent in one continuous form.

02

Selection over typing
Large options make common choices easy to scan and select on a touch display.

03

Familiar visual language
Volvo wordmarks, monochrome styling, and direct typography connect the kiosk to the website.

08 — CONNECTED EXPERIENCE

From discovery to the driver's seat.

Two touchpoints, one visual language, and a clear handoff between online exploration and an in-person dealership visit.

OUTCOME

A cohesive direction for Volvo dealership experiences.

The project translated Volvo's updated brand direction into a consistent website experience and extended it into the physical dealership with an approved test-drive kiosk.

01	A refreshed dealership website aligned with Volvo's updated guidelines.
02	A repeatable visual direction intended for adoption across dealerships.
03	Redesigned homepage and vehicle search experiences.
04	An approved tablet kiosk design for test-drive requests.
05	A connected experience from vehicle discovery to dealership visit.

VOLVO DIGITAL EXPERIENCE

Designed around the journey, not the channel.
